Dear Sir/Madam,

I am writing to express my interest in a Web Developer position at your company. With over three years of professional experience in web development, I have honed my skills in both front-end and back-end technologies, and I am confident that my expertise and passion for web development make me a perfect fit for your team.

At present, I am working as a Software Developer at iTransform Software Solutions Pvt Ltd, where I have successfully led the development of scalable and performant web applications using React.js, Next.js, Node.js, and GraphQL. I have architected and implemented secure APIs, enhanced web performance, and collaborated closely with UI/UX teams to deliver exceptional user experiences. My experience with deploying applications to production environments ensures high availability, reliability, and cross-device performance.

I have worked extensively with MySQL, Prisma, and GraphQL, focusing on data management, query optimization, and system architecture. I have built multiple projects, including a stock market research platform, an admin panel for a textile business, and various informational landing pages. These projects required a strong understanding of both front-end and back-end technologies, as well as database management and user authentication.

In addition to my technical skills, I am proficient in UI/UX design using Figma and have experience with responsive web design principles, ensuring seamless user experiences across devices. My strong problem-solving skills, attention to detail, and ability to work collaboratively make me an asset to any team. I am excited about the opportunity to contribute to your company and further develop my skills while working on challenging projects. I am confident that my background and skills align well with the goals of your organization. I look forward to the possibility of discussing how I can contribute to your team's success.

Thank you for considering my application. I am available at your earliest convenience for an interview and can be reached at +91 9838381169 or via email at omnathdubeyofficial@gmail.com.

Sincerely,
Omnath Dubey
